INFORMATION DISCLOSURE STATEMENT

Applicant requests that the Examiner consider references cited in the European Search Report dated March 3, 2003. A copy of the European Search Report is attached. As this Information Disclosure Statement is being submitted within three months of the citation by the European Patent Office, no fee is due.

GB 817,660 has been cited under Category X as to European claims 1-5 with the entire document stated to be relevant. The references discloses improvements in or relating to blades for gas turbines.

Derwent Publication 1979 - 41888B corresponding to SU 617,144 A have been cited under Category X with the abstract indicated to be relevant to European claims 1-5. The references discloses a method of forming turbine and compressor blades from strip of rhomboid cross-section by heating in molten salts before rolling and shaping.

GB 624,815 A has been cited as technological background as to European claims 1-5.

The entire document is stated to be relevant. The reference discloses improvements relating to the manufacture of turbine blades.

U.S. 2,959,843 has been cited as technological background with the entire document indicated to be relevant to European claims 1-5. The reference discloses a method of producing turbine blades.

The German Publication "Das Herstellen Von Schaufeln Fuer Stroemungsmaschinen" has been cited as technological background with the entire document indicated to be relevant to European claims 1-5. The reference discloses concepts as to the manufacture of turbine blades. No translation is available to Applicant.

Consideration of the references is requested.

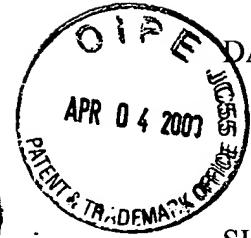

Respectfully submitted
for Applicant,
